First Class in Construction and Manufacturing Safety Management

Environmental and Safety Solutions, Inc. (ESS) can guide the EHS process as it pertains to your organization. Our team of professionals will collaborate with you on the implementation and development of EHS Supervision, Training, Permitting, Documentation and Certification, which allows your staff to focus on the products or services you deliver. In recent years, ESS has served as an integral partner with Messer Construction by providing Construction Safety Management at various sites throughout their customer base. We collaborated with Turner Construction to provide safety consulting with highly qualified construction safety managers on their major projects. We have supplied Duke Energy with safety and environmental managers on various projects throughout their network, focusing on ABSAT, demo, outages and EHS training. ESS has collaborated with GE Aviation to perform Machine Hazard Analysis, Site Audits and facility evaluations. Additionally, ESS has completed facility-wide compliance audits for the Metropolitan Sewer District of Greater Cincinnati, initiated a large LOTO energy control procedures initiative for Cincinnati Children’s Hospital Medical Center, and provided on-site EHS Facility Managers for Toyota. We have worked with Pacific Manufacturing of Ohio, Meritor, Montana Precision and other companies for Machine Hazard Risk Analysis, Site Auditing, LOTO Control Procedures and Facility Evaluations. ESS also services other clients in the automotive, petro-chemical, composite, public utility, packaging, healthcare, manufacturing, pulp & paper and stamping industries with their respective EHS needs.
