First Class in Construction Safety Management

Environmental and Safety Solutions, Inc. (ESS) can guide the EHS process as it pertains to your organization. Our team of professionals will collaborate with you on the implementation and development of EHS Supervision, Training, Permitting, Documentation, and Certification, which allows your staff to focus on the products or services you deliver. In the recent years, ESS has served as an integral partner with

Our team of highly-trained professionals can help you navigate your most complex EHS situations.

Messer Construction by providing Construction Safety Management at various sites throughout their customer base. With Turner Construction, who is one of the major construction companies in the Greater Cincinnati, Ohio area, we collaborated with them to provide safety consulting, and placing highly qualified construction safety managers on their major projects.

Consulting Services: Our team of EHS Professionals has assisted Power Generation Companies like Duke Energy in managing their EHS tasks through Risk Identification and Mitigation, Documentation Preparation/Review, Contractor Orientations, Incident/Accident Investigations, and Training.

Collaboration Projects: ESS has collaborated with GE Aviation to perform Machine Hazard Analysis, Site Audits, and facility evaluations. Additionally, ESS has completed facility-wide

compliance audits and technical staffing placements for Metropolitan Sewer District of Greater Cincinnati, initiated a large LOTO energy control procedures initiative for Cincinnati Children's Hospital Medical Center, and provided an on-site EHS Facility Manager for Toyota.

Recognized Nationally: ESS is a national consultant provider to Fortune 500 Companies and Small Business throughout the United States. Our client reach is in the aerospace, automotive, healthcare, manufacturing, packaging, petro-chemical, public utility, pulp & paper, and stamping industries. You can be confident that the services provided by ESS will meet your EHS requirements and comply with OSHA regulations.

Please contact ESS or visit our website at www.essinc.info to learn more about Environmental and Safety Solutions, Inc., and how we may partner with you to streamline and improve your EHS programs.
