## First in Class Safety Culture

ESS can guide the EHS process as it pertains to your organization. We provide our clients focused, clearly defined solutions to their EHS obstacles through creation or management

and implementation of EHS processes and procedures. We can relieve the burden of EHS Supervision, Training, Permitting, Documentation, & Certification so you can focus on the product or service you offer and be confident the work is being performed safely, sustainably, and in compliance. We have assisted other Manufacturing Companies in the US such as GE Aviation and several of its subsidiaries. We have managed their EHS related tasks such as: Risk Identification and Mitigation, Documentation Preparation and/or Review, Facility Audits, Incident/ Accident Investigations, EHS Plan creation/edit/review, Sustainability Solutions, Site Safety Professionals, and also offer meaningful Training in all EHS related capacities. We have also assisted General Electric, by performing Machine Hazard Analysis, Site Auditing and facility evaluations. Additional project work that may be of interest: facility -wide compliance audit and technical staffing placements for MSDGC and their vendors, large LOTO control procedures initiative for Children's Hospital in Cincinnati, on-site EHS Facility EH&S Manager for Toyota. ESS also services other clients in the automotive, petrochemical, composite, public utility, packaging, healthcare, manufacturing, packaging, pulp & paper, and stamping industries. with their respective EHS needs.

Our team of highly-trained professionals can help you navigate your most complex EHS situations.
