First in Class Safety Culture

ESS can guide the EHS process as it pertains to your organization. We provide our clients focused, clearly defined solutions to their EHS obstacles through creation or management and implementation of EHS processes and procedures. We can relieve the burden of EHS

Supervision, Training, Permitting, Documentation, & Certification so you can focus on the product or service you offer and be confident the work is being performed safely, sustainably, and in compliance. We support public facilities in their efforts to mitigate PERRP audits, fully implementing corrective action findings. We have assisted companies in the Power Generation Industry such as Duke Energy by managing their EHS related tasks such as: Risk Identification and Mitigation, Documentation Preparation and/or Review, Contractor Orientations, Incident/ Accident Investigations, EHS Plan creation/edit/review, Sustainability Solutions, Site Construction Safety Professionals,

and also offer meaningful Training in all EHS related capacities. We assist large companies, such as General Electric, by performing Machine Hazard Analysis, Site Auditing and facility evaluations. Additional project work that may be of interest: facility-wide compliance audit and technical support for Metropolitan Sewer District of Greater Cincinnati (Joint Utility) and their vendors, large LOTO control procedures initiative for Children's Hospital Cincinnati, placement of on-site EHS Facility Manager for our client Toyota. ESS also services other clients in the automotive, petro-chemical, composite, public utility, packaging, healthcare, manufacturing, packaging, pulp & paper, and stamping industries. with their respective EHS needs.
